

Listing of all clubs that existed in MDA from 1920 to 2020

This project was a labour of love and learning that taught me a lot more about all of the clubs that existed in MDA and the history of our Lions. This listing was put together from multiple sources from each of the Districts from A1 to A17 that existed in MDA since 1920. A listing of these sources is at the end of this document and has been cross referenced to each of the clubs.

I especially want to thank PID Lion Gilles Meloncon of U1, Lion Ray Charbonneau of MDA, PDG Lion Dave Durant of A12, and PDG Lion Vern Job of A9 for all of the documentation over and above that from their own districts that helped me immensely to put together this listing of clubs. I would also like to thank my Immediate Past District Governor Debra Christiansen who helped me with information and provided much needed encouragement to complete this project.

I have attempted to include every club that has existed and when they existed, but I may have missed some. In addition, the turquoise highlighted items are pieces of information that are missing and that could not be found yet. However, please note that this is an evergreen product and if any clubs or members have any additional information, I would love to get this information with backup so I can update this listing. I would also love any little stories about your clubs that you would like to share. You can email me at bmlsudbury@hotmail.com or let Lion Ray Charbonneau know and he will forward to me.

I hope that the Lions enjoy seeing how many clubs we had in our MDA over the years, finding out what happened to them and maybe learn a couple of things also.

Yours in Lionism
