

MD"A" Service Contest

Using the guidelines outlined below we want to show our Lions doing service in their communities by posting pictures on the Global Service page on the MD"A" website.

- Encouraging creativity and recognizing high-impact service projects
- Rewarding clubs for high-caliber service activities within each of Lions Clubs International's global causes
- Identifying potential service activities for adoption and dissemination to a broader audience

Please note: Clubs can send nominations for only one cause per year; multiple nominations from the same club for multiple causes will not be accepted

District GST coordinators will send a picture with a short story of one club in their district doing a service event/project to be put on the GST page on MD"A" website.

The contest will be for the time of July 2020 to April 2021 inclusive.

My suggestion would be that the District GST would either ask clubs for submissions and/or look for submissions on their own unbiased self.

Each District would be able to send one picture and story a month to the MD GST to be put on the GST web page. Hopefully we would end up with different clubs each month from the districts.

District GST's with the help of their GAT team members and the District Governor would choose one club from their District to forward to the MD GST for a chance to win a prize at MD"A" convention.

Submission deadline to MD GST is May 10th, 2021.

In turn the MD GST will work with the MD GAT Team members and the Council Chair to choose one club who would be declared the winner but we would do a board/showing of all of the entries at the end of the year.

The winner would be declared at the MD"A" Convention on May 30th, 2020.
